Dear Sir

THE LOW VOLTAGE DIRECTIVE 73/23/EEC (as implemented in the UK by the Electrical Equipment (Safety) Regulations 1994 No 3260

A surveillance was carried out by a representative of UKAS on 8th April 2003 of: -

BABT
Claremont House
34 Molesley Road
Walton-on-Thames
Surrey
KT12 4RQ

as to its continued ability to carry out duties of a notified body under the terms of the above Regulations. BABT has satisfied UKAS that it continues to comply with the requirements of the Guidelines on the Appointment of Conformity Assessment Bodies URN 00/800. BABT continues to have the organisation, skills and facilities to meet the needs of the Regulations in respect of the conformity assessment procedures detailed in our recommendation letter dated 28th April 2002 and for the following additional scope:

Audio, video and similar electronic apparatus.

I attach a copy of our Summary Report describing the visit and copy of the one non-compliance that was raised during the visit. A satisfactory response to this has now been received.

Yours faithfully

David Hayward
